PARISH MISSION—BUILDING THE KINGDOM Sunday February 9 – Saturday February 15, 2020

What can happen when we, as a faith community, enter into the gift of possibility that God has for the church and the world? Are we willing to risk the journey of faith, step further and share ourselves outside the walls of the church?

For Eucharistically-centred believers, that is essentially who we are as Christians: a community who experiences connectedness at the Eucharistic table and then shares that same Spirit out in the world. Learn more about how the spirituality of Joseph De Piro, the founder of the Missionary Society of St Paul, and the Paulist charism equips us to be engaged in God's mission in the world.
